ARCADE/ORIGINAL MODE

GAME FLOW

1) Pick Up a Customer

Human characters located in the city with a "\$" icon over their heads indicate potential customers waiting for a taxi ride. To pick up a customer the player must brake the cab to a complete stop within the **stop zone** - the circular outline that appears around the customer. The customer will then automatically approach and get in the cab.

NOTE: While waiting for the customer to get into the cab, the game clock will continue to run but control of the cab is not possible.

2) Drive to the Destination

Once the customer gets in the cab the following 3 items appear on the game display: the "**Destination and Distance Counter**" appears briefly to the left, the "**Directional Arrow**" appears at the center top and the "**Customer Time Limit**" appears over the customer's head. It is your job to travel in the direction indicated by the arrow and deliver the customer to their destination before the customer time limit reaches 0. Provided you reach the destination in time, you will be paid the base fare as well as any tips given by the customer in appreciation of "**crazy**" driving (see "Fare System" and "Tips" p. 12).

3) Drop Off the Customer

To drop off the customer, brake the cab to a complete stop within the green wall rimmed destination **stop zone**. Once stopped, the customer will automatically exit the cab and pay their fare (see p. 12) plus any tips received.

NOTE: While waiting for the customer to get out of the cab, the game clock will continue to run but control of the cab is not possible.

Do your best to repeat the above 3 steps as many times as possible before the game time counter reaches 0 to earn loads of crazy money!

Vimm's Lair

ARCADE/ORIGINAL MODE

The different colors of each customer "\$" icon indicate the relative distance to the destination while the size of the **stop zone** around the customer indicates the relative difficulty involved getting there.

\$ ICON COLOR VARIATIONS

FARE SYSTEM

Time Limits and the Total Earned Fare

After getting into the cab, a number appears over the customer's head and begins to countdown. This is the customer time limit. If you are able to deliver the customer to their destination within this time limit you will be paid the **FARE**. This is then added to the **TOTAL EARNED FARE**. However, if you are unable to reach the destination before the counter reaches 0, the customer will jump out of the cab without paying.

Fares and Tips The three types of fares that can be earned are as follows:

BASE FARE

The base fare is calculated according to the distance of the destination. Once the customer gets in the cab, this amount will appear in blue under the total earned fare at the upper right of the game display.

TIPS

Tips are awarded to the cabbie whenever "**crazy**" maneuvers are executed in the course of driving the customer to their destination. Each tip is added to the base fare as earned.

BONUS FARE

When the cabbie arrives at the customer's destination, a bonus fare is converted from any time left over from the initial customer time limit. This is added to the base fare just before payment.

ARCADE/ORIGINAL MODE

EARNING TIPS

If the cabbie is able to "please" the customer by performing any of the following crazy maneuvers while delivering the customer to their destination, they will be rewarded monetarily with tips. All tips are added to the base fare and then to the total earned fare upon arrival at the destination.

CRAZY JUMP

Use jump ramps or other similar elevated obstacles to become airborne.

CRAZY DRIFT

Sustain a sliding drift of the cab while turning.

CRAZY THROUGH

Cut in close to the other vehicles that you pass on the roads without hitting them.

COMBOS

If you are able to earn tips in succession, a running tally of the number of combos appears on the right of the display and continues until you collide with another vehicle. The more combos accumulated, the higher the tip value becomes, so do your best to rank up consecutive combos whenever and wherever possible! If you make a mistake or collide with another vehicle, the combo counter resets to zero.

TIME BONUS

When the cabbie delivers the customer to their destination, any leftover time from the customer time limit is converted into a **Time Bonus**, which is then added to the game time. The faster the cabbie arrives at the destination, the higher the bonus time awarded will be. The available time bonuses are:

SPEEDY

+5
seconds

(Green)

NORMAL
+2 seconds

(Yellow)

SLOW
No Bonus

(Red)

BAD

Appears when the customer jumps out of the cab without paying (Purple)

1NOM155 = "I no miss"

Meaning: "I don't make mistakes"

This wild guy is known to have a hot and quick temper. His only reason for becoming a taxi cab driver is that he considers being a cabbie the "coolest" profession. Axel always shows his customers a good time while driving his 60's era classic cab, earning big tips in the process! For him, cab driving is the ultimate career.

When he isn't working, Axel is usually trying to pick-up women, jamming with his punk band (bass and vocals) or participating in

board sports like surfing or snowboarding.

That said however, Axel's overly freewheeling nature causes his band members to come

and go on a regular basis and prevents him from maintaining decent relationships with women. Oh well, what's a guy to do? While he isn't perfect, his openhearted personality and naturally cheerful nature means he kind of grows on you. His most redeeming quality is that he is especially gifted at mediating whenever there is trouble or fighting amongst his many friends.

LicensePlate #

5EXY515 = "Sexy Sis"

Meaning: You know what it means!

If Gena could be described in two words, without a doubt those words would be "cool & sexy". With a strong passion for cars, her reason for becoming a cab driver is simply, "Because I get to race around in my car all day!" While she's not so concerned with amusing her customers per se, she sure is timely. When asked if she'd be happier as a race car driver she just laughs and replies, "But it is such a rush to race through the traffic-laden streets...I could never give this up!"

When Gena is not working in her beloved cab, she can usually be found working on it. In fact, she spends nearly all her time

and money performing extensive tune-ups, maintenance and cleaning. It is no surprise that most of the money she earns goes straight into her cab.

Despite her cab fixation, men are attracted to Gena's beauty. But she simply turns her nose up at any man who dares try to woo her. Clearly the sole object of her affection is her one and only cab!

CABBIES

Always friendly & cheerful... that's B.D. Joe. For him, driving a cab is a line of work in which he can "make people happy".

Happiest when he can bring a smile to the face of customers, B.D. is a master of both driving and conversational techniques.

Even when not driving his cab B.D. Joe is well known as an accomplished performance artist. He can throw together some lids and drum cans, and using a pair of drumsticks, can blow you away with his musical prowess. His rhythms sound so fine they put the "professional" musicians to shame. His talent is such that he is often asked why he doesn't perform professionally. But he just laughs and says, "Making people smile is reward enough for me besides cabbaging is too much fun to give up!"

Lately B. D. Joe has taken up card tricks...why you may ask? Because by doing so he can make anyone's day anytime, anywhere.

Gus is a handsome (in a melancholy sort of way) drifter who typifies the term "cool". He holds the unique distinction of being the originator of the "crazy" style. In his youth, Gus was a wild and uncontrollable hooligan, selfish to a fault. He hated to lose and always had to be # 1 at any and all cost. With a strong fascination for all things new, Gus was naturally drawn to that one unique trend that was totally cool. With a knack for getting into something before it became popular, in the days when he didn't even own a car he was riding in a normal taxi when he had a flash of inspiration and bought an old junked out 1955 jalopy. Thus began the crazy taxi trend.

When Gus isn't driving, he can usually be found playing cards. When the working day ends he meets with his poker buddies (whose members change nightly) to while away the time playing poker, blackjack and baccarat. A benefit of his gambling is that Gus has come to understand the ways of strategy, thereby mellowing his former desire to win at all costs.

Learning the why and how of losing has made Gus a better person.
