Lastly, here are a few crucial tips!

## Adventure Guide

### ★Level Up

You'll need to make Mario and Luigi stronger in order to win your battles. Try to battle every enemy you encounter to level up your characters.

### ★Use Gear and Badges

Just obtaining different gear such as apparel and boots will not activate any special effects. You need to then equip your gear from Gear in the Menu. Badges will offer special effects during battles. When you've filled up your badge stocks, make sure you use those effects.

### ★Beware of Status Changes

When enemies hurt your character, sometimes you won't be able to move. Use Refreshing Herbs to remedy your condition!
